Your team wrote a very profound story based on your chosen photograph.

The masks were amazing. I appreciated the explanation of the technique. Very artistic!

The backdrop had many neat elements in the 3-D butterflies, hanging plants, etc. I appreciate the attention to those details.

The Angel/Devil costume and how you staged that character was very intriguing. It truly showed the main characters inner struggle.

The passage of time on the backdrop clock was clever!

Beautiful singing! The song had a great message to conclude your performance.

Your masks were beautiful! What artistic talent! I can tell you spent many hours creating them!

I love the devil/angel costume! You effectively used the costume to show both sides of the character and its influence on the girl.

Good job using the mirror to show the New Development. I was expecting her to just look into it, so when she came through it, I was surprised and captivated.

important message for all of us!

What a timely portrayal of the
theme of self-acceptance and
self-awareness! I can tell this
meant a lot to all of you! Thank
you for sharing your hearts!

Overall a moving performance!

The Devil and Angel costume is
truly spectacular! I especially
like the wings and the head
piece.

The masks showing various
emotions look really life-like.
Your effort really paid off!

Very beautifully drawn and
coloured backdrop and set. I
like the living room with the
disc mirror and the revolving
clock.
